WEDNESDAY, APRIL 16, 1888.

DEMOCRATIC COUNTY TICKET

HON. RICHARD P. HOCKER,  
OF HAYDEN DAM.

THE Legislature has concluded  
not to repeal the fish law after all.

The recent election in Louisiana  
went overwhelmingly Democratic.

The old ticket has some strength.  
West Virginia instructed its dele-  
gates to vote for Tilden and Hen-  
dricks.

The Bulletin Democrats recom-  
mend Dr. E. M. Hobbs for District De-  
legate and E. E. McKay for Dele-  
gate at large.

JOHN MARYETTE the noted cir-  
cuss clown fell in the ring dur-  
ing the performance at Dayton,  
Ohio, the other day.

Louisville has 130 churches, eval-  
uated at a cost of \$2,112,377, includ-  
ing the grounds. This speaks well  
for the religious interest manifested  
in that city.

A new county formed of parts of  
Floyd, Fletcher Perry and Breathitt  
has been established by the present  
Legislature, and named Knott in  
honor of our present distinguished  
Governor.

The Kentucky Democracy in  
County Convention last Friday was  
universally came out for Tariff Reform.  
Ames says that the Democrats  
of this State came out unopposed,  
regardless of what others may say.

Ten Henry County Lottery at  
Covington has suspended. The man-  
agers have issued a card to that effect  
giving as a reason the refusal of the  
Post Master General to allow them  
the privilege and use of the mails.

THE case of Nell at Grayson, for  
the murder of the Gillison children  
is still progressing. The evidence in  
behalf of the Commonwealth is very  
strong and the probability is that he  
will win.

FRANK JAMES, who has been on  
trial for a week past at Louisville, Ky.,  
for the murder of the Morgan family,  
was acquitted last Friday. He was  
immediately arrested by an officer  
from Missouri, who had a requisition  
from Governor Crittenden, charging  
him with the (Owensboro) train  
robbery. The verdict of the jury re-  
ceived unanimous approval of the  
large crowd present.

The Nelson Democrats recom-  
mended John B. Wickliffe for U. S.  
McClure for District Delegate and  
Thos. L. Jones, W. C. P. Brock-  
ridge, E. E. McKay and Jas. A.  
McKenzie as Delegates from the  
State at large. Marion Democrats  
recommended Sam B. Hays for  
District Delegate and W. B. Fleming  
as Elector for the State at large and  
W. C. McClure for District Delegate  
and H. D. Smith as Elector.

The special election in Caldwell  
county held Saturday April 14th,  
to choose a successor to the Hon. J.  
H. Lewis, has happened. The result  
was in the election of F. M. Morgan,  
a Republican by one majority. The  
Temperance Democrats voted for  
him upon the platform of local  
option. Query, which is best to have  
a Republican for the reason, or in  
reversing the use of intoxicating  
liquors, or a Democrat who favors free  
liquors.

OSWEGO JAILER, Editor of the  
Auriferous Age, died for some thirty  
years, but unaccounted with his long  
time management for a year or two  
past, has lately retired from his of-  
ficial department and located in the  
West. He desires to gather a com-  
plete "Burrall and Albany" of his  
old readers and friends, and request  
them all to send him now a Postal  
giving their present location and ad-  
dress, naming also, when convenient,  
the years in which they were his sub-  
scribers. Mr. Jailer's address is Chil-  
cago, Illinois.

Bookkeeping, Vice Dr. G. H.  
Kurtz, of Webster, the well-known  
earth-traveler, was arrested at Owens-  
boro Thursday by his brother and  
father Shalom, on this county, on a  
lunacy warrant, and brought through  
last night on their way to the  
Hannaburg, where he was tried be-  
fore Judge McCall and declared he  
was a lunatic. He was brought to  
this city Sunday and taken to An-  
chorage on the Railroad. He has been  
apparently for some time. Dr.  
Kurtz's mind has been unseated on  
the subject of trading, and he was  
not making ducks and drakes of a  
very fine fortune. His brother was  
appointed trustee of the estate. We  
understand that on their return to  
Louisville the doctor gave them the  
ship and is still at large.

It is stated in the Florida weekly  
Times, that 40,000 people have regis-  
tered at the hotel in Jacksonville, Fla.,  
during the past winter, 3,320  
being registered at the Ponce de Leon,  
in Panama; and 3,431 at the Sanford  
House, in Sanford.

Mr. A. C. Falls exhibited the  
herald and unambiguous son he  
possesses, in a conspicuous manner  
last Saturday. After having lived  
under the Democratic nomination for  
Sheriff, he thought it best for his  
party's success to tender back the  
nomination to the convention, which  
he did in a neat and manly little  
speech, which was for him the gen-  
eral admiration and respect of his  
party and characteristic him as a  
Democrat "true to the core." The  
party will not forget to show its  
regard for Mr. Ellis in the future.

**Democratic Renewal.**

Authorizing the Democratic Con-  
vention Saturday make a nomination  
and create a public opinion as to the  
general approval of the party through-  
out the county, and selected a gen-  
tlemen in the person of Hon. B. J.  
Dicker, against whom not a word in  
opposition can be truthfully uttered,  
will, however, the victory is not  
yet won. "The Hawks are abundant"  
our old enemy, the Republican  
party, has a candidate in the field for  
this office, that will send every  
energy and use every means, right  
or wrong, to elect. Next year our  
claim and every one will pull up  
their sleeves and go to work for your  
nominees, if you don't, you will go  
in defeat right while victory is within  
your grasp. Then let each be up  
and doing all he can for the nominee,  
tell all your Democratic neighbors  
and friends to turn out at the August  
election and vote—let none fail to go  
out and vote for our party's rep-  
resentative. There is no greater sin  
in this matter, than to think the  
victory is now won. Remember the  
party's votes in the county are close  
and every Democratic vote must be  
pulled in the August election. It is  
glorious victory will be your reward.  
"He who dares is a coward, who  
doubts is damned."

**The Common Schools.**

The question of improving our  
school system is at this time receiving  
very marked attention and deserves  
as, for all the rest of our institutions  
combined, it is the one of paramount  
importance. There is no greater pres-  
sure being brought to bear on our com-  
munity, than to form a State Teacher's  
Association. The idea is a good one, but  
it is to be feared that there is much  
opposition in view. The ostensible  
reason given for this is the necessity  
of association, by the general im-  
provement of teachers, such an ob-  
ject is undoubtedly commendable.  
Will the work of this association be  
helpful? If it does, we need no such  
organization, to be possible. It  
does not extend far beyond the  
personal improvement of the teacher.  
We have good schools and colleges  
throughout the State in which a  
large number of young men and  
young women are receiving a thor-  
ough, practical high school edu-  
cation. The training has for its object the  
future of the men and women as teachers,  
and not a number of gray heads  
who, after the expiration of their term  
would have so much additional ad-  
vantage to them, as to compensate  
for the trouble and expense involved  
in annual or semi-annual attendance.

The Teacher's Association will be  
helpful in so far as the improvement  
of the Association is concerned. It  
is a noble revolution in the school sys-  
tem of Kentucky, we are ready to  
give the movement a hearty endorse-  
ment. The times, and the temper of  
the people are ripe for such a revolu-  
tion. All great popular uprisings  
whether social, moral, or political are  
successful only when they are  
unopposed to some great, all-absorbing  
idea, and unaccounted with its long  
time management for a year or two  
past, has lately retired from his of-  
ficial department and located in the  
West. He desires to gather a com-  
plete "Burrall and Albany" of his  
old readers and friends, and request  
them all to send him now a Postal  
giving their present location and ad-  
dress, naming also, when convenient,  
the years in which they were his sub-

Bookkeeping, Vice Dr. G. H.  
Kurtz, of Webster, the well-known  
earth-traveler, was arrested at Owens-  
boro Thursday by his brother and  
father Shalom, on this county, on a  
lunacy warrant, and brought through  
last night on their way to the  
Hannaburg, where he was tried be-  
fore Judge McCall and declared he  
was a lunatic. He was brought to  
this city Sunday and taken to An-  
chorage on the Railroad. He has been  
apparently for some time. Dr.  
Kurtz's mind has been unseated on  
the subject of trading, and he was  
not making ducks and drakes of a  
very fine fortune. His brother was  
appointed trustee of the estate. We  
understand that on their return to  
Louisville the doctor gave them the  
ship and is still at large.
